Community Agreements = A collective vision on what every person in our group needs from each other and commits to each other in order to feel seen, supported, open, productive and trusting SO THAT we can serve New Mexico's Community Schools well, do our best work, and advance our common vision.

- Treat yourself & each other with kindness & respect
- When others speak, really think about what they are saying, their experience may be different from yours
- Be brave enough to speak your truth, ask questions, and change your thinking as you learn
- Assume the best of each other; we are all at different stages of learning
- Believe that you all have the ability to create positive change in your own community
