Re: Review of revised Alma d'Arte Financial CAP
Date: May 8, 2025

I have been asked to review the sufficiency of the Financial CAP provided by Alma d'Arte Charter High School. I understand that document 7.a.1 is a document that contains proposed changes suggested by CSD through technical assistance as requested by the school.

Overall, the revised Financial CAP is clear, succinct and appears ready for the school to implement and CSD to monitor. It is organized by finding, then identifies who is going to do what by when.
