NEW MEXICO
Public Education Department

Statewide Student Information System Update

Gregory Frostad,
Assistant Secretary of Education

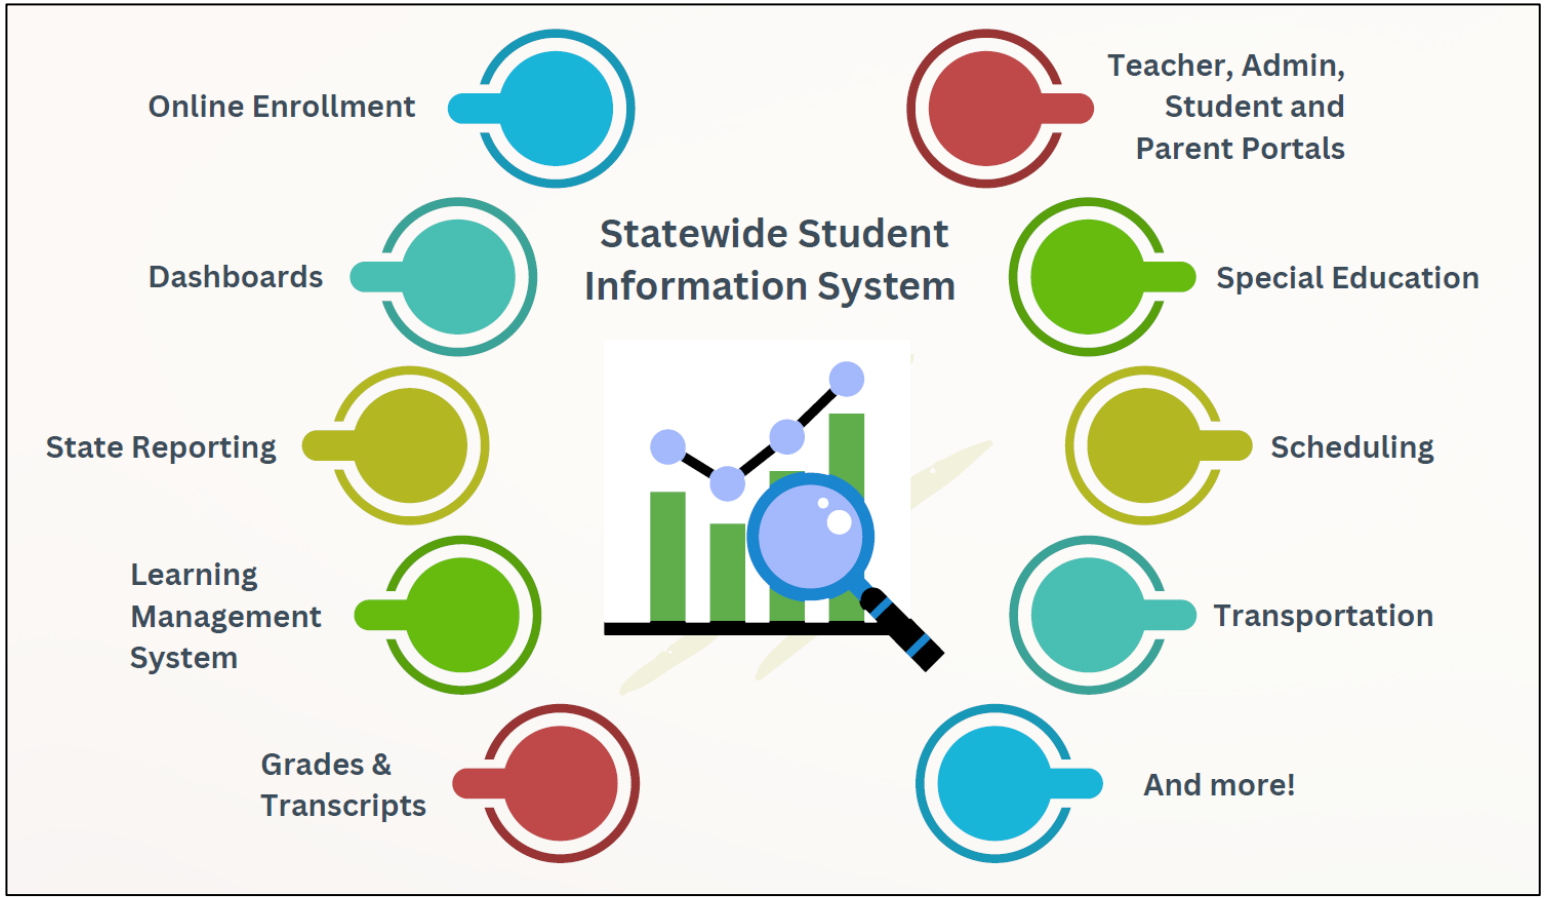
Presentation for the
Legislative Education Study Committee

September 3, 2025

Student Information Systems

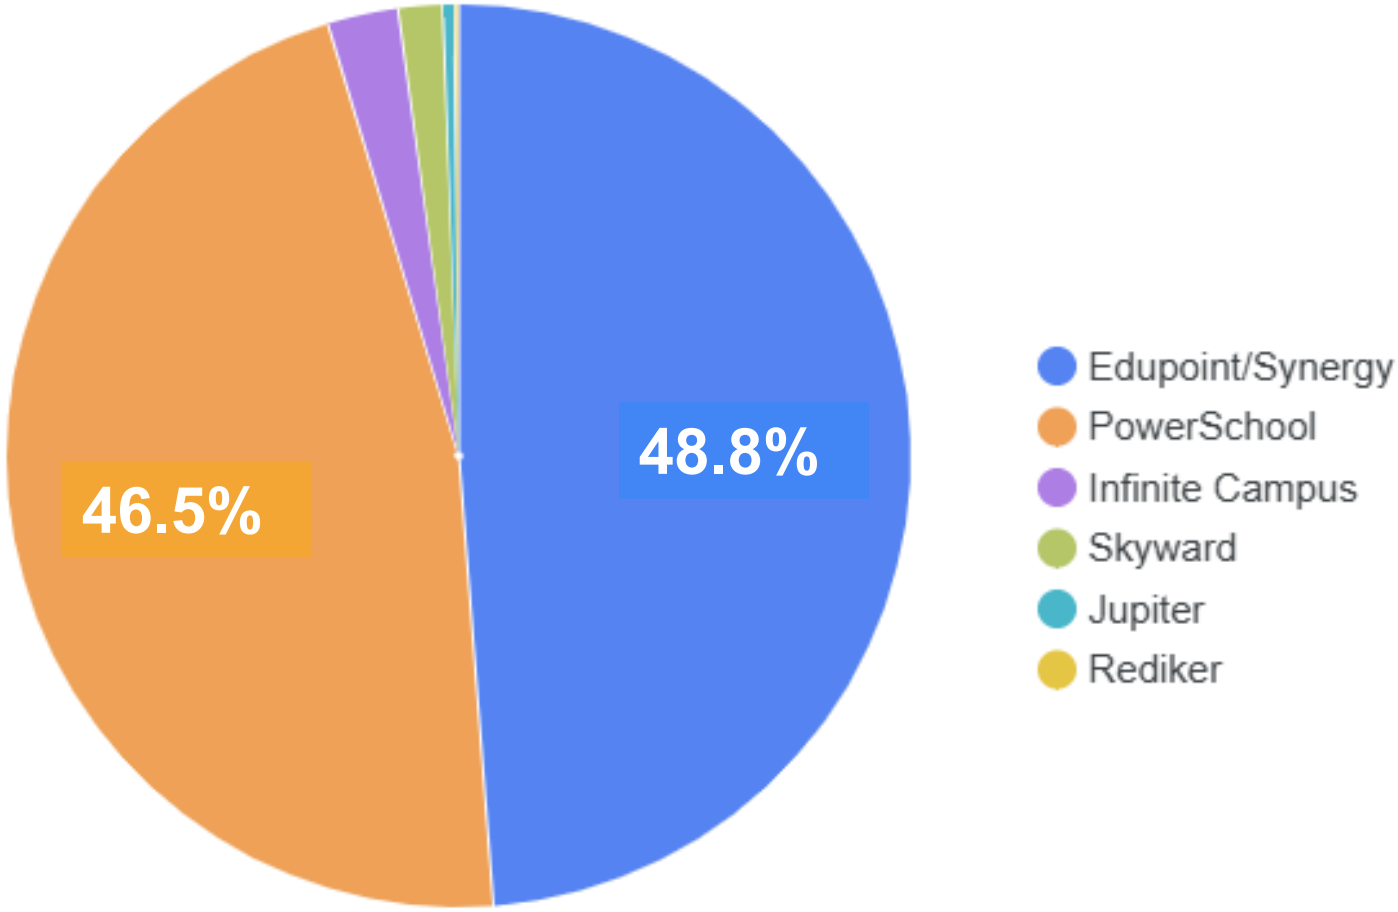
A Student Information System is:

- A computer database.
- Widely used by staff, teachers, students, and parents.
- Critical to school operations.
- A tool to deliver reporting data.



New Mexico
Student Information System Landscape

Percent of NM Student Information System (SIS) market share by student enrollment

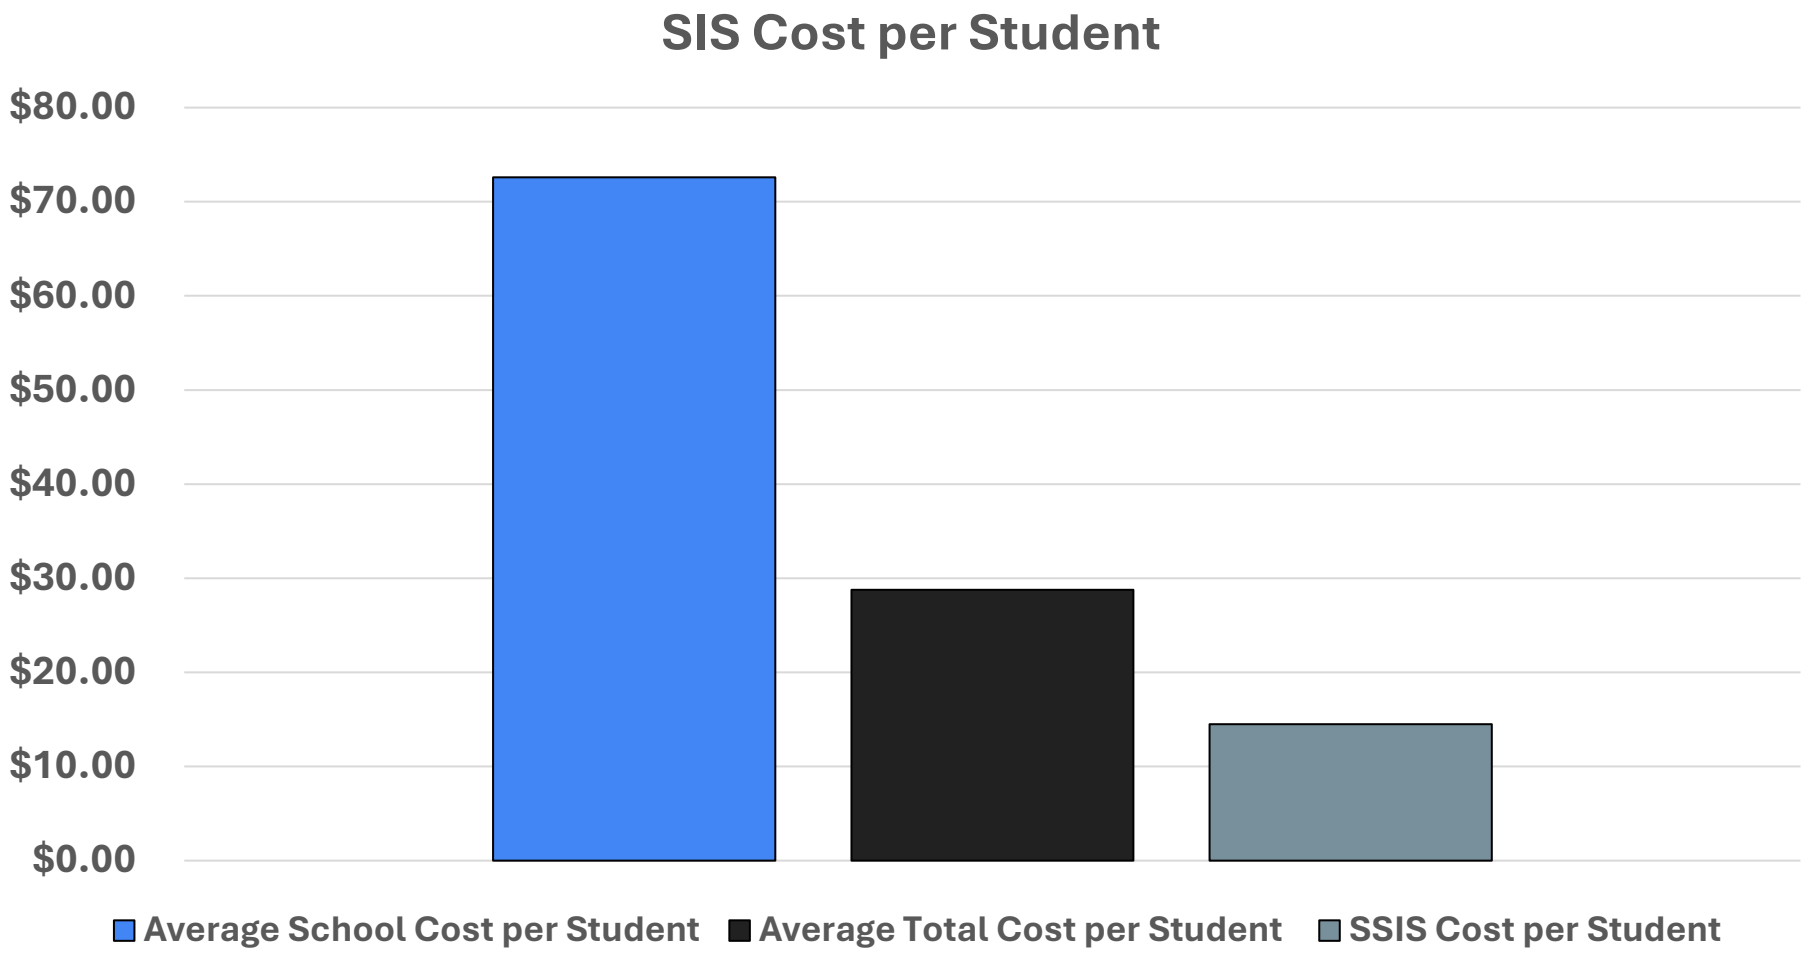


New Mexico
Statewide Student Information System

Benefits of implementing the Statewide Student Information System (SSIS) include:

- Unified technical support.
- Faster and easier student transfers.
- Fewer chances of losing students during school transfers.
- Improved data accuracy.
- Near real time data.
- Additional features and modules available to smaller schools.
- Families have just one SIS to learn and use.
- Burden reduction from automation and integration of the SIS.
- Reduced costs for both schools and the state.

Current SIS Costs vs SSIS



Stakeholder Input

- 58 meetings in person around the state
- Multiple online meetings
- Presentation at the largest PED conference (Spring Budget Conference)
- Internal SSIS working group
- LEA elected Nova coordinator group
- External advisory committee
- Two rounds of vendor presentations, product demos, and Q&A
- Selected Vendor: Edupoint for Synergy SIS

Statewide Student Information System Implementation

Cohort One
70 school districts and charter schools have signed up.
(deadline of 9/30/2025 for interest and 11/15 for contract)

2025/2026 Conversion Year
Schools use legacy SIS while adding data to Synergy *(conversion fees waived for cohorts 1 and 2)*.

2026/2027 SIS and Special Education
Schools will use Synergy for the SIS and for special education.

2027/2028 Teaching and Learning Modules
Schools may add additional elements such as the learning management system, multi-layered systems of support, and assessments .

Cohort One
- Ace Leadership
- Belen
- Bernalillo
- Carlsbad
- Central
- Clovis
- Española
- Farmington
- Grants
- Juvenile Justice
- Las Cruces
- Roswell
- Ruidoso
- Socorro
- Taos
- Taos Academy
- West Las Vegas
- Zuni

New Mexico
Statewide Student Information System

Legislative Considerations

- $8.5M request for FY27
- Provide recurring funding to support the SSIS in future years
- Mandate participation of all school districts or charter schools in the SSIS
