NEW MEXICO SECONDARY AND POSTSECONDARY DUAL CREDIT PROGRAM

MEMORANDUM OF AGREEMENT
Between Central New Mexico Community College

and The Great Academy

Note: SB 943 (Laws 2007, Chapter 227) creates a dual credit program in state statute. Postsecondary institutions and Local Education Agencies (LEAs) must refer to 6.30.7 New Mexico Administrative Code (NMAC) for rules regarding dual credit program implementation.

TERMS OF AGREEMENT

PART 1 – GENERAL PROVISIONS OF AGREEMENT

A. SCOPE

Dual credit shall be provided in accordance with the terms and conditions of this uniform Master Agreement (*hereafter* Agreement), which supersedes all previous agreements, versions and addenda. This Agreement applies to local education agencies (public school districts, locally chartered and state chartered charter schools, state-supported schools, and bureau of Indian education-funded high schools) (*hereafter* LEA), high school students who attend secondary schools, and public postsecondary institutions in New Mexico including tribal colleges (*hereafter* CNM). The LEA may complete agreements with multiple postsecondary institutions. CNM may complete agreements with multiple LEAs.

B. DEFINITION OF DUAL CREDIT PROGRAM

"Dual credit program" means a program that allows high school students to enroll in college-level courses offered by a POSTSECONDARY INSTITUTION that may be academic or career technical but not remedial or developmental, and simultaneously to earn credit toward high school graduation and a postsecondary degree or certificate.

C. AUTHORIZATION

Dual Credit Programs are authorized by Sections 21-1-1.2, 21-1B-3, 21-13-19 and 22-13-1.4 NMSA 1978 and 6.30.7 NMAC.

D. PURPOSES

The primary purposes of a dual credit program are to increase the educational options and opportunities for high school students and increase the overall quality of instruction and learning available through secondary schools. Fundamentally, dual credit programs allow students to earn credit at the secondary and postsecondary levels simultaneously. The programs may also encourage more students to consider academic or career technical higher education, especially students from underrepresented groups. Research indicates that dual credit programs can lead to better completion rates for both high school and college; reduce the need for remediation; shorten time to a diploma or degree completion; reduce the cost of higher education; reinforce the concept of life-long learning through an educational continuum; provide an alternative for students tempted to leave high school to enter the workforce; and, especially when offered through distance learning, provide equal access to higher education opportunities to students, whether rural or urban.

E. ELIGIBILITY AND APPROVAL

The following general eligibility and approval requirements shall apply to all Agreements.

The Agreement specifies the means by which the state will provide equal opportunities to all high school students who wish to participate in the dual credit program. The Agreement: 1) specifies eligible courses, academic quality of dual credit courses, student eligibility, course approval, course requirements, required content of the form, state reporting, liabilities of parties, and student appeals; and 2) states the roles, responsibilities, and liabilities of the LEA, CNM, student, and the student's family.

1. Eligible Courses

College courses that are academic or career technical and that simultaneously earn credit toward high school graduation and a postsecondary degree or certificate shall be eligible for dual credit. Remedial, developmental and physical education activity courses are not eligible for dual credit.
Dual credit courses may be taken as elective or core course (except physical education activity course) high school credits. Core course means a course required for high school graduation as defined in 22-13-1.1 NMSA.

The LEA in collaboration with CNM shall determine a list of academic and career technical courses eligible for dual credit for inclusion into the appendix. The appendix shall indicate the name of the postsecondary institution, the name of the LEA, the date, course subject and number, course title, location of course delivery and semester offered. The LEA shall submit the appendix electronically to NMHED and PED when the Master Agreement is signed and at the end of each semester prior to its application for which the appendix is modified.

CNM will post its appendix online at www.cnm.edu/depts/outreach/dual-credit/dual-credit-forms under the title "STARS Addendum."

Dual credit courses may be offered at LEAs, CNM, and off-campus centers as determined by the LEA in collaboration with CNM offering the courses. Dual credit courses may be delivered during or outside of LEA hours.

CNM may offer dual credit courses via distance learning (online, hybrid, correspondence,) in accordance with 6.30.7.8 NMAC as this option becomes available and cost-effective. All dual credit course rules apply (6.30.7 NMAC). The LEA and CNM participating in the Cyber Academy shall be subject to applicable rules pertaining to distance learning (6.30.8 NMAC).

2. Academic Quality of Dual Credit Courses

College courses eligible for dual credit shall meet the rigor for CNM credit and be congruent with CNM's normal offerings. Classes offered in LEA settings shall conform to CNM's academic standards. Faculty for all dual credit courses shall be approved by CNM.
Dual credit courses must meet the public education department standards and benchmarks.
Dual credit courses that are part of the general education common core for CNM are eligible for transfer among New Mexico postsecondary institutions pursuant to Subsection D of 21-1B-3 NMSA 1978. Credit is eligible for transfer from one public postsecondary institution to another and is applied toward requirements for postsecondary graduation and receipt of a degree.

3. Student Eligibility

The LEA and CNM shall qualify and advise candidates for dual credit from the pool of eligible high school students. A candidate for dual credit is eligible for consideration for fall, winter and summer semesters if he or she:

1. is enrolled during the fall and winter in a LEA in one-half or more of the minimum course requirements approved by PED for public school students under its jurisdiction or by being in physical attendance at a bureau of Indian education-funded high school at least three documented contact hours per day pursuant to 25 CFR 39.211(c);

2. LEA is required to check the weekly enrollment report sent out by CNM to determine if the student is still registered at the high school and has permission to take the dual credit courses. Failure to check enrollment reports will result in the LEA being responsible for any textbook costs accrued by students that the LEA has not requested to be dropped.

3. Students must meet CNM requirements to enroll as a dual credit student.

4. Course Approval

Approval for dual credit shall be by the LEA and CNM representatives on a course-by-course basis each semester based on the student's prior coursework, career pathway, and/or academic readiness. There is no

state limit to the number of credits a student may earn through dual credit in an academic term; however, the student must meet eligibility requirements. Approval for courses are given through the weekly enrollment report. If the LEA is giving approval for the course no communication is needed. If the LEA is not giving approval for the course the LEA must notify CNM through the enrollment report that the student needs to be dropped. LEAs should notify CNM to drop a student within the first week of the dual credit course so the student doesn't earn a "Withdrawal" on his or her college transcript.

5. Course Requirements

The course requirements for high school students enrolled in dual credit courses shall be the same as those of regular college students. Course requirement information shall include the course prerequisites, course content, grading policy, attendance requirements, course completion requirements, performance standards, and other related course information.

6. Eligible Semesters

Eligible students may enroll in dual credit courses year-round. LEAs may not prevent students from attending during summer semesters.

7. Course Transcripting Ratios

Unless otherwise approved by the cabinet secretaries of higher education and public education departments, successful completion of three credit hours of postsecondary instruction shall result in the awarding of one high school unit for said completed postsecondary course. If the LEA and CNM determine that a different ratio is warranted for a particular dual credit course comparable to LEA core courses in order to meet PED standards and benchmarks, they may appeal to the Council, which may recommend a different ratio to the cabinet secretaries. The joint decision of the cabinet secretaries shall be final.

9. State Reporting

The LEA and CNM shall retain educational records in accordance with New Mexico or Federal statutes and record retention regulations as per 1.20.2 NMAC and 1.20.3 NMAC, or 25 CFR, Part 43, as applicable. NMHED and PED shall verify and reconcile the respective dual credit records at the end of each academic year. Students enrolled in dual credit courses shall be classified as such and reported to NMHED and PED as per 6.30.7.12 NMAC.

10. Liabilities of Parties

Dual credit status shall neither enhance nor diminish on-campus liabilities for the LEA or CNM. Management of risk and liabilities shall be in accordance with the LEA and CNM policies and codes of conduct.

Personal liabilities for the student shall be equal to those of CNM students.

11. Appeals

Each STUDENT, LEA, and CNM has the right to appeal decisions concerning the dual credit program.

The LEA and CNM shall have a student appeals process pertaining to student enrollment in dual credit programs. LEA and CNM decisions are final.

The Dual Credit Council (Council) shall administer an appeals process for LEA and CNM representatives to address issues outside the scope of the Agreement, including the determination of alignment of course content to determine the appropriate credit ratio. The Council is an advisory group consisting of NMHED and PED staff that issues recommendations to the cabinet secretaries. The cabinet secretaries shall act jointly upon Council recommendations; their joint decisions shall be final.
