

# School Location Within District Notification

## Purpose

The *School Location Within District Notification* is used to notify the Public Education Commission of a planned change in the school's physical location including additional facilities or facility space, *as identified in the charter contract*, when the school will be staying within the same school district. This notification shall also be used to notify the PEC when the school is adding an additional facility or facility space within the same school district because the primary facility does not have sufficient capacity.

This request is **not** used to add a second site or school that serves, or will serve, the same grades as the first (primary) site, with its own administration; please use the New School or School Site Amendment Request for this circumstance.

The school shall **not** change its physical location until after the PEC has received the notification and the school's notification has been considered by the PEC.

## Submission Deadline

A *School Location Within District Notification* must be submitted in time for the notification to be considered by the PEC **prior** to the physical move being executed.

## PEC Consideration

An administratively complete *School Location Within District Notification* shall be placed on the agenda of the next regular PEC meeting if the complete notification was received at least 7 days prior to the meeting, or at the subsequent meeting if the complete notification was not received at least 7 days prior to the next regularly scheduled meeting.

- A finding that the Charter School is not in compliance with governance reporting requirements **will result in a delay** in consideration of the request until the school comes into compliance, or if the school does not come into compliance, until the last meeting within the contractual timeline for a decision from the PEC.

A *School Location Within District Notification* will be placed on the consent agenda of a regular PEC meeting. Any notification may be removed from the consent agenda during the scheduled PEC meeting for full discussion and possible action by the Commission.

# New School or School Site Amendment Request

## Purpose

The *New School or School Site Amendment Request* is used to add a new charter school or school site to the existing contract.

This request is only used when there will be a second site or school that serves, or will serve, the same grades as the first (primary) site, with its own administration. This notification should **not** be used to add a facility at a second address that is only being used to provide additional capacity because the primary facility does not have sufficient capacity to serve.

Any *New School or School Site Amendment Request* approval is conditional upon the school completing the implementation checklist, and securing an adequate facility and demonstrating the facility meets all requirements of Section 22-8B-4.2 NMSA1978 on or before June 1.

The addition of a new school or school is **not** effective until approved by the PEC.

## Determining Eligibility

Schools shall only be eligible to submit a *New School or School Site Amendment Request* if the school is on a 2018 or post-2018 contract. Schools using the pre-2018 contract who seek to submit a *New School or School Site Amendment Request* may do so concurrently with or after requesting that the commission negotiate with them to enter into a new contract using the 2018 template.

To determine whether your charter school is eligible to expand (add a new school or school site) using the *New School or School Site Amendment Request*, review the performance of the school. The expansion process is open to any charter school if the school has:

- Been renewed at least once or is eligible for expedited renewal;
- Received no lower than a "B" letter grade in any of the past three years with no single indicator in the letter grade receiving a rating below "C" in the most recent year, or in all of the past 3 years for which a Tier evaluation is available, have been identified as Tier 1 in the Academic Performance Framework;
- Has not had its board of finance revoked within the last three years;
- Informed the school district in which the school is seeking to locate the new school or school site of the intention to open a new school in the district. Notification must have been provided on or before the second Tuesday of January or before submission of the amendment request, whichever is earlier;
- With the participation of the PEC, held a community input hearing in the district in which the school is seeking to locate the new school or school site; and
- Is seeking to open a new school or school site located in the same district as the current school.

OR

- Has received a discretionary waiver from the Secretary of Education to locate in a different district.

## Submission Window

### Identify the submission window:

The *New School or School Site Amendment Request* may only be submitted for consideration at the September through the first PEC meeting of the calendar year to go into effect in the subsequent fiscal year.

The request must be submitted timely so that it may be processed within the timeframe provided in the PEC policy and implemented starting at the beginning of the next fiscal year (consideration at the first meeting of the calendar year is the latest possible consideration for an amendment to become effective in the next fiscal year).

If the fiscal year has started or will start prior to the request being considered by the PEC, an amendment request will be effective only in the subsequent fiscal year, if it is approved.

## PEC Consideration

An administratively complete *New School or School Site Amendment Request* submitted by a charter school that meets the eligibility criteria shall be placed on the agenda of the next regular PEC meeting if the complete request was received at least 28 days prior to the meeting, or at the subsequent meeting if the complete request was not received at least 28 days prior to the next regularly scheduled meeting.

- A finding that the Charter School is not in compliance with governance reporting and training requirements **will result in a delay** in consideration of the request until the school comes into compliance, or if the school does not come into compliance, until the last meeting within the contractual timeline for a decision from the PEC.
- All performance data (academic, organizational, and financial) for the last three years including any outstanding complaints or investigations will be provided to the PEC for its consideration of the amendment request.

A recommendation for approval from the CSD does not guarantee the request will be approved by the PEC. The PEC is the final decision maker and is not obligated to accept the recommendations of the CSD.

## Recommendation and Approval Factors

The recommendation from the PEC's authorized representatives and the PEC's decision to approve or deny an *New School or School Site Amendment Request* will be based on the following considerations, which will be weighed to determine if the applicant has the capacity to implement the requested expansion and ensure continued success in all applicable performance measures for both the new school and the currently existing school:

Has the applicant adequately met its mission;
Is the applicant's academic performance stable or improving;
Has the applicant demonstrated financial stability and good financial management (this will include a review of the financial audits for the past 3 years);
Has the applicant adequately met its organizational performance requirements;
Has the applicant demonstrated community need, support, and satisfaction; and
Has the applicant demonstrated capacity to successfully implement the requested expansion.
